Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

layer;

1. (original) A method for laminating a pre-press proof comprising:

plasma etching sheet of plastic material;

laminating a pre-laminate sheet of material comprising a first thermoplastic layer and first support layer to said sheet of plasma etched plastic material;

removing said first support layer thereby forming a prelaminated receiver stock;

creating an imaged receiver sheet with a second support

laminating said imaged receiver sheet with said prelaminated receiver stock; and

removing said second support layer forming a pre-press proof.

- 2. (original) The method of claim 1 wherein said first support layer is comprised of a support base and release layer.
- 3. (original) The method of claim 1 wherein said second support layer is comprised of a support base, and release layer.
- 4. (original) The method of claim 1 wherein said second support layer is comprised of a support base, release layer, and an aluminized layer.
- 5. (original) A pre-press proof with a resolution of between 1000 dpi and 4000 dpi formed by the method of claim 1.

- 6. (original) A pre-press proof with a resolution of between 1800 dpi and 3000 dpi formed by the method of claim 1.
- 7. (original) The method of claim 1 wherein said imaged receiver sheet comprises a monochrome image.
- 8. (original) The method of claim 1 wherein said imaged receiver sheet comprises a multi colored image.
 - 9. (canceled)
- 10. (original) The method of claim 1 wherein the image is an inkjet generated image.
- 11. (original) The method of claim 1 wherein the sheet of plastic material is plasma etched in a printing press.
- 12. (original) A method for laminating a pre-press proof comprising:

plasma etched sheet of plastic material; creating an imaged receiver sheet with a support

layer;

laminating said sheet of plasma etched plastic material to said imaged receiver sheet; and

removing said support layer thereby forming a pre-press proof;

13. (canceled)

14. (currently amended) The method of claim 12 wherein said second support layer is comprised of a support base, and release layer.

- 15. (currently amended) The method of claim 12 wherein said second support layer is comprised of a support base, release layer, and an aluminized layer.
- 16. (original) A pre-press proof with a resolution of between 1000 dpi and 4000 dpi formed by the method of claim 12.
- 17. (original) A pre-press proof with a resolution of between 1800 dpi and 3000 dpi formed by the method of claim 12.
- 18. (original) The method of claim 12 wherein said imaged receiver sheet comprises a monochrome image.
- 19. (original) The method of claim 12 wherein said imaged receiver sheet comprises a multi colored image.
 - 20. (canceled)
- 21. (original) The method of claim 12 wherein the image is an inkjet generated image.
- 22. (original) The method of claim 12 wherein the sheet of plastic material is plasma etched in a printing press.
